Qualification Structure

There's a total of 19 Mandatory Units when you're choosing to work with us. The Mandatory Units included in this qualification are:

- Develop and maintaining Good Occupational Working Relationships in the Workplace
- Allocating work and checking people's performance in the workplace
- Establishing, implementing and maintaining systems for managing health, safety and welfare in the workplace
- Evaluating and selecting work methods to meet project or operational requirements in the workplace
- Monitoring construction related project activities in the workplace
- Controlling project progress against agreed quality standards in the workplace
- Controlling project progress against agreed programmes in the workplace
- Managing personal development in a construction-related workplace

Candidates must also then complete all 11 units from the Group B Mandatory Units – Building and Civil Engineering Pathway:

- Identifying and enabling learning opportunities for given work teams in the workplace
- Contributing to the identification of work teams in the workplace
- Establishing, controlling and monitoring environmental factors and sustainability in the workplace
- Planning the preparation of the site for the project or operation in the workplace
- Ensuring that work activities and resources meet project work requirements in the workplace
- Identifying, allocating and planning the deployment and use of plant, equipment or machinery in the workplace
- Organising, controlling and monitoring supplies of materials in the workplace
- Establishing and monitoring communication systems and organisational procedures in the workplace
- Establishing project dimensional control criteria in the workplace
- Controlling project quantities and costs in the workplace
- Evaluating feedback information and recommending improvements in the workplace

Assessment

You'll be allocated a specialized NVQ Assessor (MCIOB) which will constantly keep in touch with you. We will use a wide range of assessment methods via OSAT (On-Site Assessment & Training) in order to fit into your busy schedule.

Our own Online ePortfolio system available at www.cdc.org.uk will also be available at your disposal.
